INSTALLATION, MAINTENANCE, RENEWAL

SEALER

Dry-Treat (Australia) Pty. Ltd., Crows Nest, Australia, introduces **Marble and Porcelain Sealer**, an impregnating sealer designed low-absorbent tile, stone and grout. The solution retains the natural look of the surface, and can last up to 15 years. The product is sold through several U.S. distributors.

TEMPLATER UPGRADE

ETemplate Systems, Raleigh, N.C., announces Version 2 of its ETemplate Photo™ system of digital templating and measuring. The

major upgrade will include automatic marking and referencing features that eliminate the operator's "find-and-click" routine of the current version, along with the addition of several other time-saving features; information from the system's software can be used to create a drawing or a vinyl template using the company's TemplateMaker™, or be sent directly to a CNC machine for production.

ACCESSORIES

DESIGN KIOSK

American Stone, New Rochelle, N.Y., launches **The Workshop®**, an IT-based display kiosk for showrooms. The setup can generate custom stone-design options, allowing customers to visualize different possibilities without physical samples. The product, developed by New York-based **Cpath**

Solutions, is available to dealers of American Stone products.
